Here's to another year with M & M Holland Propane, wishing our customers the best. We would like to remind everyone that we offer different payment options for your propane; a **Budget plan**, Pre-buy or pay as you go. ** Please see guidelines below. **

We encourage you to take part in the budget plan (which begins in June), the budget plan is designed to help reduce the stress and worry out of the cold months. Some advantages to the budget plan are:

- **Discounted pricing**
- **Monthly billing starts in June.**

All previous balances must be paid in full by the end of May to enroll in our budget program for the upcoming season. Whether you are new to the budget program or a long-time budget customer, please be sure to contact the office by mid-May to readjust your payment for the upcoming season. This will allow for the most accurate payment with your current usage. *If you are on automatic payments, then we will continue the budget payment at the current amount unless we hear otherwise.*

We require our customers to stay current with their billing. **If you establish an outstanding balance upon your next delivery, we ask that you keep your account within our standard 30-day terms.**

In closing, we ask that you provide **an email address** so we can send safety notices, upcoming program notifications, invoices, etc. This will help us to communicate with you in a timely manner. Thank you for your continued business and the opportunity to provide you with exceptional service!

**Note that when doing a Pre-buy, a down payment is required and the balance will need to be paid within 30 days of agreement. *IF payment is not received within the time requirement the agreement is null and void.* **

Other services we offer:

- Installation of Generac Home Standby Generators
- Hot water tanks
- Space heaters
- Garage heaters
- Radiant Tube heaters

We carry Residential Tank Monitors

- Never run out of Propane
- Provides increased Safety for your home.
- Alerts drastic usage changes.
- 3-year WARRANTY

LTE Residential Tank Monitor w/5' cable Right Angle Sensor \$225.00

Yearly Monitoring charge \$40.00

**** A rental fee may occur if in a year's time you don't use at least 1 full tank. The reason for this is we rely on your steady business to offset the cost of our tanks and equipment over time. Typically, this allows us to supply our tanks free of charge. ****
